

Flash Quiz 1 Rubric

CATAGORY	A	B	C	D
<i>Following Storyboard</i>	The animation follows the provided storyboard faithfully	The animation deviates slightly from the provided storyboard	The animation loosely follows the provided storyboard	The animation is created with little regard for the provided storyboard
<i>Symbols and Library</i>	ALL characters are symbols, named correctly and in the library. The library is organized and symbols are easy to locate and identify	Most characters are symbols, named correctly and in the library. The library and symbols are somewhat organized and easy to locate and identify	Limited effort is expended to create & name symbols and the library has limited organization	Little effort is expended to create & name symbols and the library has little or no organization
<i>Timing</i>	Frames are chosen to keep an excellent pace for the animated action	Most frames are chosen well to keep a well paced action	Some animation is too long or too short to be effective	Few animated sections have the right pace or timing to be effective
<i>Motion Tweens</i>	All Tweens are complete, not broken, smooth and consistent	Tweens are complete and not broken, but many are not smooth and consistent	Many tweens are not complete, are broken, are not smooth nor consistent	Most tweens are not complete, are broken, are not smooth nor consistent
<i>Transitions</i>	Transitions are timed perfectly. Action is not cut off nor too quick	Transitions are mostly timed well. Some action is cut off or too quick	Transitions are choppy. Flow of animation is broken up	There is no evidence of timed transitions
<i>Drawing Skills</i>	All symbols are drawn by hand using the brush tool with care and draw the viewer's attention	Most symbols are drawn using the brush tool with others drawn using the shape tools	All symbols are drawn using the brush or shape tools but lack effectiveness as animated objects	Limited effort was expended to produce quality graphics
<i>Overall Show and Creativity</i>	Effort and creativity is strongly evident in the final animation	Effort and creativity is mostly evident in the final animation	Effort and creativity is somewhat evident in the final animation	Effort and creativity is not evident in the final animation
<i>Class Time</i>	100% of class time is dedicated to producing the final product	Most of class time is dedicated to producing the final product	Some class time is wasted	Wasted class time is more evident than productive class time
